Extra Notes:

_____

_____

_____

Please check the latest building regulations & what ventilation is required in each room. A Thumbturn Cylinder is always used on Heritage Doors & Finger Bolts to slave door unless PAS24. If you have an odd number of transoms, please be aware of your handle height

If you have Sidelights or Top lights to order, we can discuss your designs & what profiles will be best to use to line through with your doors. 15.10.24
